

JOB ANNOUNCEMENT

Position: Public Health Nurse II - Case Management

Salary Range: \$46,532 - \$92,875

Work Location: Martin and Washington County Health Department

Appointment Type: Full-Time

Open Date: May 22, 2018

Close Date: Open Until Filled

Description:

Martin-Tyrrell-Washington District Health Department is seeking a qualified applicant to provide case management services for Pregnancy Care Management and Care Coordination for Children's program for Martin and Washington Counties.

The Pregnancy Care Manager (OBCM) is a health professional who assists pregnant clients in accessing the health care and social services systems in order that outcomes which contribute to physical and emotional health and wellness can be obtained. The major goals of this program are to reduce infant mortality through improved pregnancy outcomes; ensure the provision of comprehensive preventive health services to pregnant women and their infants; and assist pregnant women to meet other priority needs that affect their well-being and that of their families.

The Care Coordination for Children (CC4C) Care Manager focuses on the organization of services and resources to respond to the needs of children and their families. These services may include health care, special therapies, childcare, and counseling. Ultimately, service coordination enables families to assume coordination responsibilities with the support of the professional team. The goal of the CC4C Program is to collaborate and cooperate with families and medical providers to assure identification of and access to preventive, specialized and support services for themselves and their children. Through coordination, families will have increased access to services; and children with needs will have maximum opportunity to reach their potential

Minimum Education and Experience:

Graduation from a four-year college or university with a B.S. in Nursing which includes a Public Health Nursing rotation and one year of Public Health Nursing experience; or Master's in Public Health and graduation from a school of professional nursing and one year of professional nursing experience; or graduation from a school of professional nursing and two years of professional nursing experience including one year of Public Health Nursing experience; or an equivalent combination of training and experience.

Necessary Special Qualifications:

A current license to practice as a Registered Nurse in North Carolina by the N. C. Board of Nursing
